**STAIN RESISTANT**

**KODAK Quality Prints**

**Kodak**  
It's time to smile.

Enjoy your pictures. Don't worry about them.  
Your prints are made to be shared. With KODAK XTRALIFE Lamination, your pictures have a patented coating that makes them stain-resistant and waterproof, so prints will last a lifetime.\*

**Greener Prints**

**Kodak**  
It's time to smile.

No chemicals. No water. Saves energy. Less waste.\*

\*Prints printed on KODAK XTRALIFE Paper offer a more "greener" alternative to conventional inkjet and laser chemical processing methods. They get the same rich, vibrant color and quality you expect from Kodak. Plus, your prints and photo gifts are stain-resistant, waterproof and designed to last a lifetime! For prints that last a lifetime with less impact on our world.

**KODAK Quality Prints**

**Kodak**
